BILL NUMBER: SB 278

NOTE PREPARED: Feb 23, 2009

BILL AMENDED: Feb 19, 2009

SUBJECT: Retail Theft.

FIRST AUTHOR: Sen. Head

FIRST SPONSOR:

BILL STATUS: 2nd Reading - 1st House

FUNDS AFFECTED: X GENERAL
X DEDICATED
FEDERAL

IMPACT: State & Local

Summary of Legislation: (Amended) This bill makes it commercial theft, a Class C felony, for a person to exert unauthorized control over another person's property having a fair market value of at least one thousand dollars (\$1,000), if the offense is committed: (1) at a location where business is regularly conducted; and (2) with the intent to resell the property.

Effective Date: July 1, 2009.

Explanation of State Expenditures: A Class C felony is punishable by a prison term ranging from 2 to 8 years, depending upon mitigating and aggravating circumstances. The average expenditure to house an adult offender was \$20,287 in FY 2008. (This does not include the cost of new construction.) If offenders can be housed in existing facilities with no additional staff, the marginal cost for medical care, food, and clothing is approximately \$1,825 annually, or \$5 daily, per prisoner. The estimated average cost of housing a juvenile in a state juvenile facility was \$69,223. The average length of stay in Department of Correction (DOC) facilities for all Class C felony offenders is approximately two years.

Explanation of State Revenues: If additional court cases occur and fines are collected, revenue to both the Common School Fund and the state General Fund would increase. The maximum fine for a Class C felony is \$10,000. Criminal fines are deposited in the Common School Fund.

If the case is filed in a circuit, superior, or county court, 70% of the \$120 criminal costs fee that is assessed and collected when a guilty verdict is entered would be deposited in the state General Fund. If the case is filed in a city or town court, 55% of the fee would be deposited in the state General Fund. In addition, some or all of the document storage fee (\$2), automated record keeping fee (\$7), judicial salaries fee (\$18), public

defense administration fee (\$3), court administration fee (\$5), judicial insurance adjustment fee (\$1), and the DNA sample processing fee (\$1) are deposited into the state General Fund.

Explanation of Local Expenditures: If more defendants are detained in county jails prior to their court hearings, local expenditures for jail operations may increase. The average cost per day is approximately \$44.

Explanation of Local Revenues: If additional court actions occur and a guilty verdict is entered, local governments would receive revenue from the following sources: The county general fund would receive 27% of the \$120 criminal costs fee that is assessed in a court of record. Cities and towns maintaining a law enforcement agency that prosecutes at least 50% of its ordinance violations in a court of record may receive 3% of the criminal costs fee. In addition, several additional fees may be collected at the discretion of the judge and depending upon the particular type of criminal case.
